

Welcome to our Family!

Wimberley Dental Center is all about our patients and the highest quality dental care. It is our goal to help you keep your teeth healthy for a lifetime. With that in mind, we offer state-of-the-art-technology, use the highest quality dental materials, and patron one of the best dental labs in the country!

As a general dentist, I believe in utilizing dental specialist. I have invested much time and effort forming relationships with some of the best specialist in the state. These relationships help us provide the very best **comprehensive** care to our patients.

Wimberley Dental Center consists of a highly trained team, each of whom was chosen for their ability to serve you in a positive and professional manner. Continuing education is very important to me and we attend courses throughout the year as a team to keep up to date on the ever-evolving profession of dentistry.

I am a member of the Texas Dental Association, Academy of General Dentistry, and AGD's MasterTrack program. I received my Fellowship of the Academy of General Dentistry in June of 2015, which is an award that exemplifies those in our profession who value continued education and mentorship in the dental field.

My life has been beyond blessed with a wonderful husband, Scott Martin, who acts as Wimberley Dental Center's General Manager. Further blessings include three amazing children (Elena, Vivienne, and Edison), who are often found helping out around the office. We **ALL** look forward to having you as a member of our dental family!

Sincerely,

Jennifer M. Roe DDS & WDC Team
